

Valley Utilities Water Co. Inc.

April 29, 2009

Mr. Dennis Gable
Maryvale Equipment Rentals
7740 West Indian School Road
Phoenix, Arizona 85033

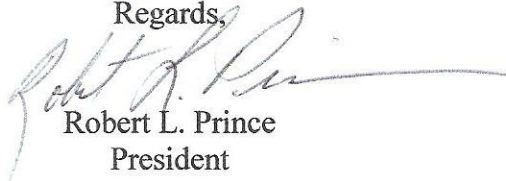

Dear Dennis:

Valley Utilities Water Company Inc. has been renting a wide variety of equipment and tools from you since 1988. All too often when a person gets poor quality service or product we react with a fast response of complaint but when we get great service and product we fail to acknowledge this aspect of business.

I would like to acknowledge that for the past 21 years we have always received good operating equipment and tools and have been treated courteously and professionally by everyone we have encountered at Maryvale Equipment Rentals.

Thank you to all of the people that are Maryvale Equipment Rentals for operating a good organization that has been there for our needs over the years. Keep up the good work.

Regards,

Robert L. Prince
President
